COORDINATION OF BENEFITS PROVISION

If a Covered Person is covered for Benefits under the Policy, and is also covered for these Benefits under one or more other Plans, the benefits payable under the Policy will be coordinated with the benefits payable under all other Plans. Coordination of Benefits will be used to determine the benefits payable for a Covered Person for any Claim Determination Period if, for the Allowable Expenses incurred in that period, the sum of (1) and (2) below would exceed those Allowable Expenses: The benefits that would be payable under the Policy without coordination; and The benefits that would be payable under all other Plans without the coordination of benefits provisions in those Plans. The benefits that would be payable under the Policy for Allowable Expenses incurred in any Claim Determination Period without Coordination of Benefits will be reduced to the extent required so that the sum of: Those required benefits; and All the benefits payable for those Allowable Expenses from all other Plans will not exceed the total of those Allowable Expenses. Benefits payable under all other Plans include the benefits that would have been payable had proper claim been made for them. However, the benefits of another Plan will be ignored when the benefits of the Policy are determined if: The Benefit Determination Rules would require the Policy to determine its benefits before that Plan; and The other Plan has a provision that coordinates its benefits with those of the Policy and would, based on its rules, determine its benefits after the Policy. When Coordination of Benefits reduces the total amount otherwise payable in a Claim Determination Period for a Covered Person, each benefit that would be payable in the absence of Coordination of Benefits will be reduced in proportion. The reduced amount will be charged against any applicable benefit limit of the Policy. We reserve the right to release to or obtain from any other insurance company or other organization or person, any information that, in Our opinion, We or it needs for the purpose of the Coordination of Benefits. When payments that should have been made under the Policy based on the terms of this provision have been made under any other Plans, We have the right to pay to any other organization making these payments the amount it determines to be warranted. Amounts paid in this manner will be considered benefits paid under the Policy. We will be released from all liability under the Policy to the extent of these payments. When an overpayment has been made by us, at any time, We will have the right to recover that payment, to the extent of the excess, from the person to whom it was made or any other insurance company or organization, as We may determine.

Pre-authorizations are subject to certification by the Plan Administrator. Pre-certification may be done by you, your doctor, a hospital administrator, or one of your relatives. Certain medical procedures or treatments will require a request form to be received by the Company or the Company's authorized representative. This must be received a minimum of 5 business days prior to the scheduled procedure date if the procedure is elective, or within 48 hours after the initial admission if the admission is due to an emergency.

Approval from the Company must be given prior to the commencement of the proposed medical treatment. If certification is received, covered charges will be paid as shown in the Schedule of Benefits.

Failure to comply with prior authorization procedures will result in a 20% reduced benefit penalty, provided that the care is determined to be a procedure that would have been approved by the Plan Administrator. If upon review of medical records, it is determined to be a medical procedure which would not have been approved, the entire claim and all related charges will be denied.

Find a Provider at <https://www.trawickinternational.com/resources/healthcare-provider-search>

This plan covers prescriptions but you will need to pay and claim.

- ✦ Provide the hospital or doctor with a copy of your ID card so they can bill us for the services provided to you. This shows your member ID and is how to find you in our system to verify benefits. Failure to give the correct information to the provider could result in bills getting sent to you, instead of the insurance company. Your Member ID is the number beginning with 999...
- ✦ In most cases, you are only required to pay your deductible and the cost for any services which may not be covered under your Policy. However, if you are required to pay for services in full, then you will need to provide the necessary documentation for reimbursement: a. Signed medical statement which includes medical coding for service performed by the service provider; b. Proof of payment (receipts) and c. Copy of your ID card. If you get a bill from a provider call them to make sure they have your insurance information. Failure to contact them with your information will delay the processing of your claim and could result in you being solely responsible for the charges.
- ✦ All claims, regardless of submission date, must be received in our office within 90 days of treatment or they will be denied. Initial treatment must occur within 90 days of the Accident or Sickness.
- ✦ Once a claim has been reviewed, additional documentation may be required for processing. This request will be made in writing to the address on file or via email. Please make sure your mailing address and email address are current.
- ✦ After a claim has been processed you and the provider will receive an explanation of benefits (EOB). Claim status and downloadable EOB's are available online through the Trawick website. The EOB has a claim number, date of service, paid date, amount paid, amount applied to your deductible and an explanation as to why/how the claim was processed. The EOB will also state if you owe the provider anything for the service. If there is a reimbursement to you, a check or direct deposit to your account will be noted on the EOB. If you get a bill from a provider and do not get an EOB from us within 60 days, please contact us at the number above for claim status.
- ✦ If a claim is denied you will receive a written explanation on the EOB. If you feel the decision is wrong, you have the right to appeal the decision. You can get an appeal form by calling the claim office at 877-916-7920.

Payment of loss under this Policy shall only be made in full compliance with all United States of America economic or trade sanction laws or regulations, including, but not limited to sanctions, laws and regulations administered and enforced by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC").
